1. Introduction
   - Polar Camera
   - Eureka Polar Observatory
   - CNSR Transition Proposal
   - Move to University of Saskatchewan

2. *F* layer patches and the convection electric field
   - Polar Patches and the 'Tongue of Ionization'
   - Prikryl *et al.* (1996)

3. Polar cap auroras and magnetic field topology
   - Polar diffuse aurora preliminary study
   - Single-point stereoscopy
   - Feb. 19, 1996 polar arc tomography

4. Neutral atmosphere dynamics
   - Algorithm development for OH images

5. Additional Funding
   - NSERC Research Grant Application

6. Permanent Employment
   - U. of Saskatchewan Bridging Position
   - Teaching at U. of Saskatchewan
