To whom it may concern:

I am writing to request a copy of your free catalogue(s) covering the areas of physics, engineering, chemistry, and mathematics. I have a number of your titles already, and have found them of value, particularly in my teaching work at the University of Saskatchewan.

I would also be glad to receive a copy of your catalogue of books of interest to children, as I have two children, ages 4 and 5.

If you maintain a mailing list for periodic announcements of new books, I would appreciate having my name added to it. Also, if you have a presence on the Internet, please let me know the particulars.

Thank you very much for your kind attention.

Yours truly,

David P. Steele, Ph.D.
